SpEd / Resource positions- SPED audit is currently looking at this

Devices being addressed through online testing

Review the Campus Improvement Plan

Mrs. Foster reviewed the 6 goals of the CIP / each quarter the goals must be reviewed

Committee members will be working together to analyze the progress of the goals for November.

New Business/Ideas

None

CEIC Concerns

Campus concern- is it best interest for our district to have more calendar days/ minutes than surrounding districts?

The desire of the district is to maximize instructional time.

District concern- Lack of connection with upper administration and them not being visible on the campus; gave an idea of them being visible with the students & teachers once every nine weeks; lack of teachers knowing the cabinet and their roles (due to so many new hires.)
