-Students started back on Monday, about 167 students on campus, with 3 still online with medical exemptions.

-Only one Covid case so far, keep up with masks and social distancing.

-Teacher conferences went well, this year is going really well considering all the factors.

-We were the first campus to push out specials, if things keep going well we'll move breakfast back to the cafeteria.

-We would like to focus on a Pre-k roundup for the Spring to help us get to know our students better.

Questions from staff to DEIC:

-What can we do about getting a flashing light for the school zone? Staff has noticed a lot of people speeding through the speed zone.

-What can we do about getting newer, water fountains with the bottle filling station? We would like to use them to fill water bottles.
