- CNA Committees shared findings

Processes and Programs - Will share at a later date

Perceptions:

Strengths - Staff recognition of good work from 86% to 100%, added staff leader of the week, staff leads tickets, feeling more recognized, 69 to 96% feel comfortable providing feedback to administrators

Areas of Improvement - Support with discipline and behavior management went down this year 92% to 88% - submitted problem statement that addresses this

Student Learning

Strengths - Student growth from beginning to middle of the academic year this year which is different than interim scores. Strength is reading across the campus - "A" campus through MAP data, highest ECR scores in the district - Ex: Mrs. Elias had two students score a 10 in her third grade class

Areas of growth - Discrepancy between MAP and STAAR data, 5th grade science scores show low growth from BOY to MOY MAP, MATH MAP scores stayed the same from BOY to MOY year

Demographics - will share at a later date

- New Business - Comments/Questions/Concerns
 - Survey's - Authier gave update on district survey's
