- Staff and Community Survey sent on March 22nd-April 1st
- Open Forum

Open Forum: Questions, Concerns, Feedback

1. Our security officer should have a walkie on him while at school.
2. Will students be allowed to go back into art and the cafeteria?
 - a. Yes, art is transitioning back into the art room by April 12th. The cafeteria schedule would not be able to be changed due to set SPED schedules. Our master schedule was built utilizing a backward design to ensure services were put in place for all students.
3. Could we redo the chicken coop and set the garden?
 - a. Yes, we could clean it out and have people clean it out. Portia and Barbara Woods will help lead this project.
4. Concern about student snacks that are brought from home. Could we send a suggested list of snacks next year?
 - a. Yes it could be looked at.
5. Will the school day minutes be reduced to like it was last year?
 - a. School day will end at 3:10. We will not know grouping requirements until closer to next school year. We will let staff know about morning tutoring/morning in the gym once we know more information regarding 2021-22 school year guidelines.
6. Since we have had a change in the calendar, will the grading period be adjusted as well as the grade requirements?

- a. Minimum grading requirements will stay the same.
