  - C. Hughes- Kindergarten
  - R. Acree- Specials (PE)
  - E. Shurtleff- 4th Grade
  - C. Herron- Special Education (Speech)
  - N. Brackenridge- 3rd Grade
  - J. Deal- Special Education
  - Jimmy Poarch- High View Real Estate joined via Zoom
  - Mary Beth Wainscott- Shackelford Parent
  - Laura Northcutt-Counselor
  - Traci Gilby- Assistant Principal
  
- Vote for a second campus member to attend the DEIC
  - Mrs. Herron is at the end of her two year term and a new person will attend the district improvement committee meeting
  - The committee voted to have Angie Hill represent Shackelford at the District Level.
  - At the campus level, we discuss issues that only affect our campus.
  - Questions are submitted in advance to the district committee, answers are then brought back to the campus.
  
- Campus Improvement Plan Review

Overall, Shackelford is a successful campus based on the writing and science scores.

This is a living document- a lot of items did not get to happen due to Covid in the spring of 2020.

There are 7 active goals with a problem statement for each one. The campus is changing in demographics and we need to be aware of intervention strategies to target instruction for all of our learners. Branching Minds will be implemented to help keep track of students who are in need of interventions. MAP assessments will be administered 3 times a year.

- Campus Questions:

Hill- Ipad are out of date for SeeSaw. Chromebooks are not as user friendly for students to use SeeSay

Herron- updating of Ipads is needed for the sped department to use with certain programs

Campus concern in general is that there is not a procedure in place for updating technology on a regular basis. Chromebooks need updating as well.

What interventions are available for teachers to use in the classroom and how can we help fill in gaps utilizing available resources.

Data will be used to help make informed decisions.

Enrichment activities for advanced learners.

Future Meeting Dates:

- October
- November 3, 2020
- January 7, 2021
